18th – PAWS Meeting 12:30 PM

PAWS MEETING Minutes

November 1, 2018

Welcome

Pam Smalley

Pledge of Allegiance

PAWS Business

Pam Smalley

1. Discussion of other ways to get parent volunteers for SEP dinners. Send a general email through Wasatch so parents can sign up for whichever teacher they would like. Not make it dependent on Room Reps alone.
2. Kristina Davis talked about the upcoming Science Fair for 4th-6th grades. She asked for better ways to help students be excited about the science fair, how to help them feel that their work is valued even if they don't place and/or go on to the district level. She asked for judges and how the process of judging can be improved. (More consistent judging, judges who know about the field, setting up projects in categories instead of by teachers and grades alone.) She also asked for contacts for businesses that can be reached for smaller donations/gift cards to be used as raffle prizes for all students who participate in the science fair, to give more importance to participation over winning.
3. Incorporating Giving Tree to help teachers get what is on their wish list by grade levels. Set it up like SEPs by grades through Sign-up Genius and allow parents to sign up for items or partial payment of items. Need to look into different apps that allow multiple stores/wish lists to be combined into one. Parents would donate money instead of actually buying the items, allowing teachers to get exactly what they want.
4. Request for volunteers to help with Science Fair, International Lunch Activity, and Family Dance. Please see the link below to sign up for these events.
5. Hoping to have a SAGE/DIBBELS presentation from the Principal and/or Vice Principal at the January PAWS meeting.
