Attendance Policy:

Actors and Crew will not be allowed to miss more than 1 grade level Rehearsal and parents must inform the director if their student is going to miss. Each grade level only has about 6 times to rehearse together so attendance is Crucial. No conflicts for TECH WEEK rehearsals will be permitted.

A note: This is not a typical play or musical. This is a Musical Revue where we will perform numbers from many different shows and put them together under one big umbrella. Each grade level ensemble will have about two featured numbers they will perform on stage. The featured characters and soloists will be selected out of each grade level. The Leads may come from any grade level.

This show is designed to be able to cast as many kids as possible and get them up on the stage performing. For this particular show we will be accommodating many more students than a typical play can handle. As such, **if you are a parent who would be willing to help facilitate children through the space, help with costumes, props, etc, and can commit to the Tech Week and Performance dates, WE NEED YOU! :D**

Please indicate on your student's audition form that you are willing to help!
