

I would like to take a moment to introduce myself. I love getting to know each child and seeing how each child grows throughout the school year. Children are amazing and I feel privileged to work with them!

I received a B.S. from Brigham Young University in Elementary Education and an M.A. from BYU in Teacher Education. I also have Reading, Early Childhood, and ESL endorsements. This is my 26th year teaching, my 15th year at Wasatch, and 5th time teaching first grade. I believe that learning is a life-long process and I learn from your amazing children each year.

I have a wonderful husband, four wonderful children, thirteen grandchildren, and one perky dog. I have lived in many different places and have loved them all. I like spending time with my family, watching movies, and reading. Recently, I have started studying the birds in my neighborhood. Besides working with people, I also love to work with data!

This is going to be a great year!

Your teacher,

DeAnna Perry
