

**Parental Notification/Opt-out Form – School Climate Survey: Wasatch Elementary School**

The Elementary School Climate Survey is a confidential survey used to identify school climate issues within our school. **The survey for elementary school students includes 20 questions and should take no more than six minutes to complete.**

The survey is confidential, but parents/guardians are given the option to opt out if desired. The data collected from the survey will be used to identify student perceptions of school climate issues within our school.

School staff use the results to inform our efforts at improving our school climate. Responses are housed securely in an anonymous format with the USBE (Utah State Board of Education). All evaluation research projects are in compliance with the Family Education Rights and Privacy Act, (343 CFR 99.31 (6)) and human subjects’ regulations (Protection of Human Subjects 45 CFR 46).

Our desire is to involve parents in their children’s education. If you do not wish for your child to participate in this important activity, please sign and return this form to the school by Friday, April 30, 2021.
