## **SERVICE LOG**

As a Kindness Leader, there will be opportunities for school service. This is a chance to practice by completing **20 minutes** of service that benefits our school and get it signed off. You can choose to do this service during your recess, before school or after school hours. To come up with ideas of what you can do, you can check with your teacher, other teachers, staff members or the office to see if they have something you could help with, or come up with your own project. **Only 20 minutes of service is required**, but feel free to serve more. You can split up the time and do several projects and have several people sign off your time, or you can do it all at once. If you choose to do something outside of school hours a parent/guardian can sign off on the hours.
