WELCOME TO 4TH GRADE!

I have spent most of my life in California, but have lived in Utah since 2020. I have 5 kids and an awesome husband. I have taught in elementary schools for 13 years.

WHY I TEACH

After realizing my childhood dreams of being on Broadway were not going to come true haha, I decided that teaching children would be the best job for me. Not only do I love working with young people, it was the perfect career for a mom.
